UCD signs Memorandum of Understanding  
with Interpol

UCD signs Memorandum of Understanding  
with IMPACT

#### Current Activities

- Masters Degree in Forensic Computing & Cybercrime Investigation
- Academic support partners for Europol and INTERPOL working groups on cybercrime.
- Development and delivery of specialist training courses to our LE service partners – Europol, OLAF, INTERPOL and OSCE.
- Management of AGIS course upgrades on behalf of the Europol Cybercrime Investigation Training Harmonisation group.
- Development of trainer programmes to support training
- Programme delivery, accreditation and evaluation
- Sponsored research into online financial crimes
- Validation of forensic computing tools

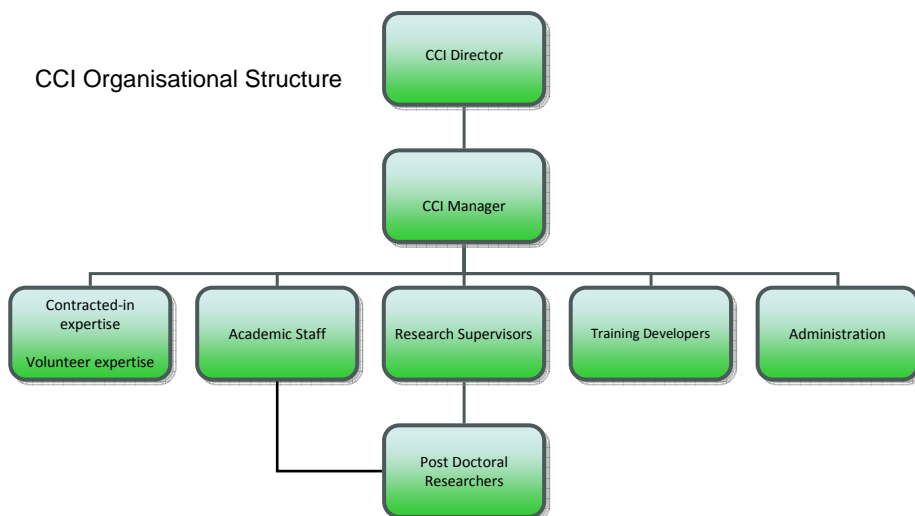

## Centre of Excellence Vision

- Continue and grow our work with LE
- Address industry education/training needs
- Collaborate with other academic institutions
- Provide a model for other Centres

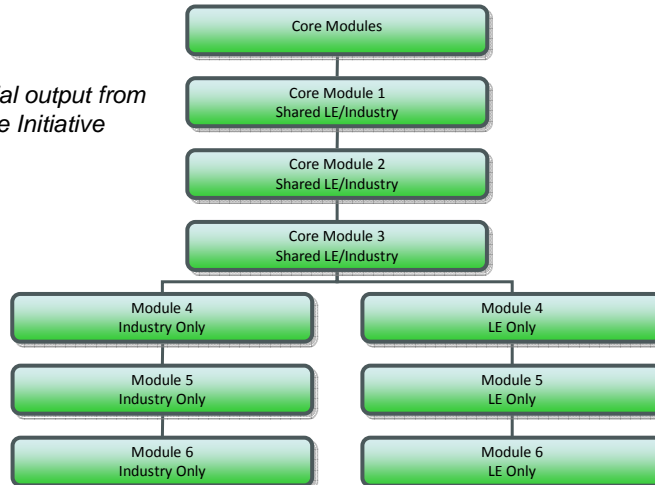

CCI Organisational Structure

Masters Programme – Proposed Structure

*Potential output from  
2Centre Initiative*
